The month of May brought the first group of American visitors of the year. A team from Louisiana College, led by KB Thomas and accompanied by Whitney Saucedo spent about two weeks loving on the children, helping with construction, assisting with medical trips, and distributing supplies. They partnered with 127 World Wide.

Toward the end of April, school was ended early due to a storm destroying the tarp-roofed classrooms. Knowing the children would be on holiday until May 27th, we hit our knees and prayed fervently for the Lord to provide means for a temporary school structure quickly. Construction started with the money that was already in hand, faithfully trusting the Lord would provide the rest.

In His perfect timing, a generous donor wired \$6,000 for the temporary school, through ONEless Ministries Inc. in Nashville, TN (they are also raising funds for the fifth pod house)!! With the sweat and hard work of the team, AOH students returned to a nearly completed building which will allow them to continue their education while the permanent structure is built. The Lord continues to show His favor and grace at Acres of Hope through donors, sponsors and friends. We praise God for His faithfulness and for you!
