August 2015

Destructive Storm

Acres of Hope Uganda had a destructive storm that ended up putting down the Nursery class rooms block. We praise God that it happened at 7:00 pm after normal day classes when the children were home. Acres of Hope asks for your prayers and support in response to this situation.

The government inspector visited AOH. He said they are not allowed to build another temporary structure. They have 3 days to finish taking down the damaged building. So the only option is to complete the permanent school structure.

We give Glory to God for all friends of Acres of Hope who have already contributed funds towards our permanent school building, without your generosity we wouldn't have reached this far. May God bless and reward you all accordingly!

Others who would like to donate to the construction costs of the school: Visit WorldOfGod.org >> [Make a One Time](#)

[Donation](#). Be sure to indicate Acres of Hope Uganda School Fund in the Comment section. 100% of your donation will go to the school construction (and it is tax deductible). Please contact Michelle@WorldOfGod.org with questions.

Donating towards the school is an awesome way for someone to be involved in forwarding the education at Acres of Hope without the monthly commitment of sponsorship.

Donations for September Trip to Acres of Hope

We are collecting the following items to deliver to Acres of Hope in September. If you would like to donate, please contact Michelle@WorldOfGod.org to drop off items. (NO crayons, we have many)

- Pens (blue, black, red)
- Pencils
- Erasures
- Rulers
- Soccer & Volley Balls
- Twin bed sheets - new or very slightly used
- Bath Towels - new or very slightly used
- Toothpaste and toothbrushes
- Sanitary pads for teenage girls
- Under Pants for girls (age 3 to 16)

CURRENT SPONSORS:

Please send an updated photo (of you, your family, your small group or whoever sponsors the child) and a letter to your child. We will hand deliver these to the children. They LOVE getting letters and pictures from you!
